

8th Grade Math

2017-2018

Miss. Vuillemot

What To Bring To Class

- **Pencil with eraser**
- **Math Notebook** (will include loose-leaf paper, graph paper, handouts, notes, homework, etc.)
- **Calculator**

Student Expectations

- **Come ready to class ready to learn.** Ready to learn means you have brought all necessary materials, your homework is completed, electronic devices are put away and you have prepared questions that need to be answered.
- **Be to class on time.** This means in the classroom before the bell rings.
- **Be respectful.** Please exercise courtesy when questions are being asked/answered or a class discussion is taking place.
- **Be on task.** Whether this is during a lesson or working with a partner on an activity, I expect you to be working on the task at hand.
- **Be diligent.** I expect your full attention, cooperation, and best effort daily. Hard work goes a long way with me!

Miss. V's Expectations

- **Come to class ready to teach.** You can expect me to design relevant and challenging lessons that make the most of our class time.
- **Establish high expectations.** I will expect success and hard work from every one of my students.
- **Be available for questions.** I will help my students when they need it.
- **Set a good example.** You can expect me to model the behaviors I want to see in my students. I will treat my students with respect, fairness, and kindness.

Classroom Procedures and Information

Homework will be assigned as needed. Our class is a 90 minute block. Therefore, many days we will do all of our practice work in class. When homework is assigned, you are expected to have it completed by the beginning of class each day. I will walk around at the beginning of class and review your assignment for completion. I will **not** accept late homework.

Absent Work in the event that you are absent, it is YOUR responsibility to find out the work you missed. You may ask a friend in class or check our class website where I will post the daily homework assignment. Extra copies of papers handed out in class will be in the "Absent Work"

folder in the front of the room by the assignment calendar. **Please sign up for my Remind texts!** I send out reminders for projects, homework, tests, and upcoming events that we will be participating in throughout the school year.

Extra Credit opportunities are very minimal, so please do not ask. Your grade in this class will be a reflection of what you know, not a result of last minute extra credit. Always do your best!

Online text and support. I have created an interactive website where parents and students can go. I will post the modules, homework helper worksheets, and student materials for each lesson on this site; along with a daily update. This website can be found on Shelby Middle School's homepage.

Final grades will be based on a total point system. This means each assignment has a point value that is a part of your final nine week grade.

I am so excited to begin this year! Our curriculum for 8th grade math is aligned with the State Standards and is designed to give students a rigorous, well-rounded math experience. It is also designed to have all students Algebra-ready by the end of the year. If your child needs extra help, I am available before or after school times when needed. To receive important class information and homework alerts via text, I will be using **Remind**. I highly recommended everyone (parents and students) sign up for this. Simply text the message @missnvui to the number 81010. I truly care about you as a person and student and want you to be successful. Parents, if you have any questions or concerns throughout the school year, please feel free to contact me at vuillemot.nina@shelbyk12.org or by phone at (419)-347-5451 ext. 26102. Get ready for a great year! ☺

Sincerely,

Nina Vuillemot

Parents: It is important that parents and students read through the syllabus together. For your child to be successful, they must understand the policies and procedures within this syllabus. Please sign below that you have both read and understand its contents. Thank you so much!

8th Grade Mathematics Teacher-Parent Communication

Dear Parent/Guardian,

I believe that communication between home and school is extremely important. Please feel free to call me or email me anytime with your questions or concerns.

Phone: (419)-347-5451 ext. 26102.

Email: vuillemot.nina@shelbyk12.org

In addition to phone and email, please utilize the Shelby City Schools website www.shelby-city.k12.oh.us. This website has links to the District and Middle School news, ProgressBook, extra-curricular activities, and **8th Grade Teacher Webpages**. I will be updating my site weekly with important information about quizzes/tests, projects, and other general classroom information. Along with my website I highly recommend you and your child sign up for Remind text alerts where I will also be sending on important information.

To find the 8th Grade Webpages:

- Go to www.shelby-city.k12.oh.us
- Scroll down and on the left hand side click on Middle School
- Scroll down to 8th Grade and click on SWAT Team
- Click on Miss. Vuillemot's Webpage

Furthermore, I would like to have the most up-to-date contact information for you. Please fill out the Contact Information below, detach, and have your child return to me as soon as possible. I look forward to a wonderful school year! Thanks!

-Nina Vuillemot
